Christian Hawkins

Christian has made significant improvements in both his educational and behavioral programs, increasing his time on task while decreasing his self-injury. We are so proud of what an independent young man he is becoming!

Gilberto Hernandez

Gilberto has blown away the staff at HBIC-CHDS with the improvements he has made to his behavior! Not only has this increased staff safety, but also Gilberto's access to his education and community. We are so proud of him!

Andrew Valdez

Andrew is being recognized for the immense improvements he has made while attending CHDS. He has gone from multiple behavioral episodes per day to an episode once a month! He is such a joy to have in our classrooms and overall program!

Vincent Moncivais

Vincent has faced many hardships this year in terms of behavior and health, and yet he has persevered to become a source of inspiration and humor in the Transition classroom. Way to go, Vincent!
